Lead Time

A wide variety of Seraphic substrates are held in stock in Australia. The leadtime for print and delivery of these will be 1-2 weeks. Other substrates will be brought in from overseas with the leadtime for these being 4-5 weeks.

Plus one week for deliveries to Western Australia.

All leadtimes are subject to substrate availability and project size.

How to Specify

1. Pick your design

2. Pick your substrate

Baresque will then make up a sample for you to sign off along with a shop drawing

Additional Comments

Samples of your selected pattern / substrate combination are shipped next day by Express Post.

The swatch image shows a 600mm x 600mm section. Pattern sizing can be easily adjusted.

Substrate composition, dimensions, fire results and installation method vary across the wide range of substrates available. Checkout the Seraphic Substrates page or brochure on the DOWNLOADS tab for more details.
