Care Instructions

Use cloth with any of the following in preferred order of use:

1: Clear warm water

2: Mild solution of liquid detergent and warm water

3: Isopropyl Alcohol (a.k.a. rubbing alcohol)

Do not use solvent based or concentrated abrasive cleaning agents, lacquer thinners, nail polish remover or cleaning agents containing bleach as these may cause discolouration over a period of time.

Remove any detergent with a clean, damp cloth. Gently pat dry.

Always test in an inconspicuous area first. If care instructions don't deliver the expected results, cease cleaning method immediately and contact Baresque for assistance.
