Suggested Installation	<p>Non-reverse hang / butt join.</p> <p>If your order contains several numbered rolls of one single item/ reference, please first install the roll with the highest number, and then continue to install the other rolls in sequence, in descending order.</p> <p>Measure and cut 3 strip lengths. Add 5 to 10 cm to top and bottom of each strip.</p> <p>For printed patterns, plan your match from the roll before cutting</p> <p>Mark each strip coming from the roll on the back and hang in the same sequence</p> <p>Reverse alternate lengths when instructed to do so by label on the roll</p>
Care Instructions	<p>Always use a clean, white, soft cloth.</p> <p>Remove liquid stains immediately using a dry cloth. Avoid hard scrubbing.</p> <p>For tougher stains, dampen the cloth with warm water or a weak dilution of liquid detergent and apply being careful not to soak the material. Always work towards the centre of the stain so as to avoid further spreading.</p> <p>Remove any detergent with a clean, damp cloth. Gently pat dry.</p> <p>Always test in an inconspicuous area first.</p>
Additional Comments	As Sumatra designs are made of natural materials, some variation in colour within and across batches is an inherent, unavoidable and enjoyable characteristic of the product. When installed, most designs will also show some panelling effect.
