## Description

Premium Wood Print offers a realistic alternative to real wood when creating warm, inviting, and acoustically minded commercial spaces. We’ve sourced twelve artisan species from the US and around the world, to complement the latest contract furniture trends, with grains that go from mild to wild.

Designed to bring the outdoors in, Premium Wood Prints help create calming spaces that connect people with nature.

Premium Wood is printed on a colored base, which has been expertly matched to complement the Premium Wood species, ensuring minimal edge contrast and seamless integration.

Providing a clean, crisp aesthetic with the most accurate color matching available in 1/2" (12mm).

Made to order realism with high resolution photography, printed single or double sided.
