Description

Zintra Sticks are a versatile range of fabricated acoustic sticks designed for easy installation in any space.

Zintra Sticks Bundles are supplied as a complete system (aluminium frame + sticks) and are available in 2745mm (108") lengths. Zintra Sticks Bundles come in two profiles and can be mounted on walls or ceilings in your choice of landscape or portrait orientation.

Zintra Sticks Bundles are a cost effective, lightweight solution that's simple to install, making them ideal for a variety of applications.

Additionally, a selection of Sticks are available to address transitions, trim, and corners, ensuring a comprehensive solution tailored to your space.

Sticks Transition:

Seamless corner transitions are possible with the use of purpose designed Sticks Transition. Designed to join bundles at inside corners and available in Landscape or Portrait.

Sticks Trim:

Zintra Sticks are impeccably finished around windows, doors, ceiling services and GPOs with our Sticks Trim. Supplied as a separate right-angle piece, Sticks Trim is easily cut in the field to mitre or butt join and glue to Sticks sets to provide a matching Timber finish to exposed ends.

Sticks External Corner:

A purpose designed transition piece that seamlessly deals with the corners of a wall. Available in Landscape or Portrait.

The sticks are available in two widths, narrow and wide.
