Simple, tactile, and imperfectly perfect is how we describe our twelve Zintra Organic Etch designs. Introducing Stacked, combining linear design with extra etching added dimension.

## Description

Drawing inspiration from the craftsmanship of skilled artisans, Organic Etch effortlessly blends human creativity with the beauty of the natural world. Organic Etch panels not only enhance interior spaces with design and depth but also offer superior acoustics. Available in a diverse range of designs and choice of colours, each tells a story of simplicity, tactility, and imperfect perfection.

**Stacked:** Combining linear patterns with extra etching for added texture and dimension. Randomly placed etches throughout the panel create visual interest, making it a perfect choice for adding depth to walls.

Embrace imperfection and unlock the beauty of organic design. With a choice of 30 colours, lightweight and easy to cut Organic Etch is the perfect acoustic alternative to traditional commercial wallcoverings.
