BOX BAFFLES MIXED

Acoustics » Acoustic Baffles

Suspended box-shaped baffles are an innovative replacement to a mineral fibre lay system. Box Baffles Mixed are easy to assemble and install.

Description

Zintra Baffles are prefabricated, ceiling mounted systems that showcase Zintra's flexible characteristics. Zintra Acoustic Baffles are an innovative replacement to a mineral fibre lay system. Easy to assemble, easy to install and available in a large array of designs, baffles are ideally suited to large noisy spaces in educational institutions, shopping centres, restaurants, and airports.

Suspended box-shaped baffles hung in perfectly spaced rows create these high performing baffles. The box shape feature not only looks more substantial, but also increases the NRC rating by capturing sound within. Select the same shaped baffles or mix them up for added dimension.

Available in uniformed (high and low), random or mixed combinations.

Choose from one of our 12 vibrant powdercoat colors (additional charge)

Care Instructions

Vacuum to remove dust.

Dab Zintra with a damp clean cloth and mild solution of liquid detergent and warm water. Repeat using only clean water, then pat dry with a lint free cloth.

For difficult stains, use a solution of household bleach (10% bleach / 90% water). To remove the bleach, repeat using a clean, water dampened cloth, then pat dry.

Always test in an inconspicuous area first and if you don't see the expected results, contact us.
