✓ Bleach Cleanable

✓ Easy Clean

✓ Easy Install

## Description

Large spaces require acoustic solutions that match their scale. Zintra Beams collection address this need perfectly, offering substantial proportions that exude a sense of structure and architectural grandeur. Their modular design allows for a variety of configurations across a range of styles and sizes and includes connectors for effortless customization to suit any space.

There are 5 different geometric designs available: Open & Closed Rafter, Rectangular, Square and Parallel Beams, available in various sizes (please refer to the dimensions for design specific details). We even have a coffer available to suit open, closed and square designs for added acoustic comfort.

### Rectangle Beam

Mix and match colours and heights to add dimension and depth effortlessly. Available individually, Rectangle Beams offer easy installation and superior acoustics, perfect for creating artistic spaces. The optional Coffe panel is not compatible with this design.

Engineered for superior sound absorption, Zintra Beams function as porous absorbers across the entire frequency range. This significantly enhances the NRC rating, up to a maximum of 1.5.
