Acoustics » Acoustic Baffles

Acoustic solutions reach new heights with the Zintra Beams Collection. Achieving an impressive NRC rating of up to 1.5 they have been designed for large-scale spaces. Their modular nature brings both versatility and grandeur to your design.

✓ Acoustic

✓ Bleach Cleanable

✓ Easy Clean

✓ Easy Install

## Description

Large spaces require acoustic solutions that match their scale. Zintra Beams collection address this need perfectly, offering substantial proportions that exude a sense of structure and architectural grandeur. Their modular design allows for a variety of configurations across a range of styles and sizes and includes connectors for effortless customization to suit any space.

There are 5 different geometric designs available: Open & Closed Rafter, Rectangular, Square and Parallel Beams, available in various sizes (please refer to the dimensions for design specific details). We even have a coffer available to suit open, closed and square designs for added acoustic comfort.

### Coffers

Make your space even quieter with the addition of colour coordinated or mix and match Coffer panels. With a simple addition of Zintra Coffers to your Beams install you can increase the NRC rating from 1.0 to 1.5. Coffer Panels are sold in a set of 8, quick and easy to install.

### Coffers are not suitable for Rectangular or Parallel Beams.

Engineered for superior sound absorption, Zintra Beams function as porous absorbers across the entire frequency range. This significantly enhances the NRC rating, up to a maximum of 1.5.

## Composition

Zintra Acoustic Panel - 100% Solution Dyed (Colour Through) Polyester  
12mm (1/2") - Density 2.4 kg /m<sup>2</sup> 0.5 lb/ft<sup>2</sup>

## Sustainability

Zintra is made from 100% recyclable materials.

- 60% post-consumer recycled content from PET bottles.
- 35% pre-consumer recycled content from PET chips
- 5% polylactic acid (PLA)

## Dimensions

### Coffer

- 559mm (22") w x 12mm (0.5") h x 559mm (22") d  
Set of 8

**Suggested Installation**        Go to Technical Documents and download the Installation Guide for more details.

---

**Care Instructions**              Vacuum to remove dust.

Dab Zintra with a damp clean cloth and mild solution of liquid detergent and warm water. Repeat using only clean water, then pat dry with a lint free cloth.

For difficult stains, use a solution of household bleach (10% bleach / 90% water). To remove the bleach, repeat using a clean, water dampened cloth, then pat dry.

Always test in an inconspicuous area first and if you don't see the expected results, contact us.

---

**Warranty**                            Visit FAQ for more details.

---

**Customisable**                    The Zintra Acoustic Solutions range is customisable to your project. Please get in touch with your local contact for details.

---

**Additional Comments**        • NRC 1.0  
• NRC 1.5 With Coffers
