Description

Zintra Emboss Panels brings a touch of luxury to acoustic solutions, combining timeless craftsmanship with advanced technology. These tactile three-dimensional panels create an immersive experience that transforms the ambiance of any space. The warm heather of Zintra softens the environment, ensuring that even the most austere spaces feel inviting.

Designed for seamless installation, Zintra Emboss Panels can be installed both vertically or horizontally, offering versatile design possibilities. They provide more than just noise absorption—they tell a story with every surface. Their intricate patterns and dynamic visual effects shift with perspective, adding depth and warmth to any room, making conversations flow effortlessly without echoes or disturbances.

Scallop

Purity in form—each curve, deliberate and precise, speaks to a sense of calm and clarity. The Scallop design features a series of semi-circular curves, resembling the edge of a scallop shell, repeated in a rhythmic, wave-like pattern that creates movement and fluidity.

The subtle crease detail and carefully placed seamline invite the eye to follow the gentle arcs as they cascade toward the wall, creating a captivating play of light and shadow that emphasizes its 3-dimensional depth. Meticulously crafted, the seamline is subtly positioned at the concave to ensure seamless integration, where the bottom of the scallop meets the wall.

Scallop is a design that captures the essence of measured rationality, leaving a lasting impression of architectural elegance.

Care Instructions

Vacuum to remove dust.

Dab Zintra with a damp clean cloth and mild solution of liquid detergent and warm water. Repeat using only clean water, then pat dry with a lint free cloth.

For difficult stains, use a solution of household bleach (10% bleach / 90% water). To remove the bleach, repeat using a clean, water dampened cloth, then pat dry.

Always test in an inconspicuous area first and if you don't see the expected results, contact us.
