Hanabi, by artist Elodie Blanchard, features vibrant floral and firework patterns, digitally printed on polyurethane and topped with silicone for rich, lasting color.

✓ Bleach Cleanable

✓ Graffiti-Free

✓ HPD Certified

✓ PVC-Free

✓ Phthalate Free

Description

Inspired by a burst of happiness, Hanabi is adorned in fireworks and blossoming flowers by Brooklyn-based artist Elodie Blanchard.

Known for crafting intricate, vibrant bouquets and floral fields using small, repurposed textile scraps, Blanchard's pattern has been digitally printed on polyurethane and topped with a 100% silicone layer, preserving the rich colors of the original works.

Derived from the Japanese words "Hanabi," meaning fireworks, the colours are named after different fireworks shapes - Crossette, Dahlia, Willow, Waterfall, and Silver Dragon.

Roll Size

137cm x Approx 27.4m - Available by the lineal metre.

Composition

100% Silicone face with 100% Polyester backing

Abrasion

300,000+ Double Rubs (Wyzenbeek)

Pattern Repeat Size

54cm V / 60cm H

Environmental Info

PVC free

Phthalate Free

DMF Free

No added fire retardant

Anti-Bacterial

Healthier Hospitals compliant

Complies with CAL01351

Fire Rating

Tested in accordance with AS1530.3

Spread of Flame Index - 0

Smoke Developed Index - 5

Warranty

2-year warranty. Visit baresque.com.au/warranty for complete details.

Care Instructions

Silicone products are inherently cleanable. Before attempting to clean stains with a cleaning solution, we encourage you to remove them by wiping with a clean towel, as this will be effective in many cases.

If the stain is wet, gently blot away any extra fluid that might remain on the fabric.

If a stain still remains and additional cleaning is required, a cleaner can be applied lightly to a soft cloth and gently worked into the stained area.

Use clean water to rinse away any remaining cleaning solution.

If the stain is dry, a soft bristle brush can be used to gently remove any remaining accumulated matter. Any loose material can then be vacuumed away and, if a stain remains, cleaning can then be performed as described above.

If a stain cannot be removed by these methods, a solution of 10 parts water to 1 part bleach can be used.

Never use full strength bleach.
