Description

Echoing the beauty of Malta's salt pans from a bird's-eye view, Salina is a digitally printed silicone hybrid fabric with an ethereal look. The artful pattern captures the delicate nuances of watercolor, enhanced through high printing clarity and rich hues. Its ultra-soft touch complements its superior attributes, including bleach cleanability and an impressive 300,000+ double rubs. Available in eight soothing shades, Salina paints a serene picture for sophisticated spaces that demand both aesthetics and resilience.

Care Instructions

Silicone products are inherently cleanable. Before attempting to clean stains with a cleaning solution, we encourage you to remove them by wiping with a clean towel, as this will be effective in many cases.

If the stain is wet, gently blot away any extra fluid that might remain on the fabric.

If a stain still remains and additional cleaning is required, a cleaner can be applied lightly to a soft cloth and gently worked into the stained area.

Use clean water to rinse away any remaining cleaning solution.

If the stain is dry, a soft bristle brush can be used to gently remove any remaining accumulated matter. Any loose material can then be vacuumed away and, if a stain remains, cleaning can then be performed as described above.

If a stain cannot be removed by these methods, a solution of 10 parts water to 1 part bleach can be used.

Never use full strength bleach.
