<p><b>DESCRIPTION / FEATURES</b></p>	<p>Create striking new zones within your space with Baresque's new Post Screen. Crafted from STRATEK flexible vinyl laminate and heavy-duty MDF, Baresque's Post Screens are available across a range of solid hues, chic metallics, stone-looks and the organic charm of wood grains. Post Screen capitalises on the added benefit of a quick and easy install including easy customising on site to ceiling heights and fall.</p> <p>Post Screen minimises costs and maintenance including reduced damage from impact, or marring with high abrasion and stain resistance, even being able to be cleaned with bleach. Set at an angle, the Louvre design exudes simple elegance.</p> <p>Post Screen Features:</p> <ul style="list-style-type: none"> <li>* Large/thick posts without the expense or ongoing maintenance of hardwood timber</li> <li>* Bleach cleanable</li> <li>* Broad selection of original STRATEK 3D laminates, from timber grains through to metallics</li> <li>* Carry across ceilings, walls and dividers</li> <li>* Optimised for easy installation</li> </ul>
