DESCRIPTION / FEATURES

Xorel is a technologically advanced and environmentally sound problem solving woven textile which enables a wide range of design possibilities to be realized. All the high performance characteristics of Xorel emanate from the yarn. Simply put, nothing is added to the woven product to enhance performance; no finishes, no coatings. Xorel is a multi-tasking material being equally suited as a direct applied wallcovering, wrapped panel material or as an upholstery solution. In addition it is notable for its versatility in a wide range of projects; wherever both beauty and performance are required.

FEATURES + BENEFITS:

- * Bleach cleanable, anti-microbial
- * 7 Year Warranty
- * Super durable - 1,000,000 + double rubs
- * Multi-tasking

Xorel is a registered trademark and license to distribute is granted by permission of Carnegie Fabrics Inc. USA

COMPOSITION	100% Xorel
WIDTH	122cm
ROLL LENGTH	N/A - available by the lineal metre
WEIGHT	240 g/m ²
PATTERN REPEAT	6cm V / 9cm H
SUGGESTED INSTALLATION	Baresque recommend and supply Roman brand adhesives and primers.
LEAD TIME	2 weeks (approx) from Wednesday subject to stock availability. + 1 week for Western Australia. Express delivery is available subject to a surcharge. Contact Baresque for details and pricing.
FIRE	Xorel
FIRE RATING	As a wallcovering - In accordance with AS/NZS 3837 Classification - Group 1 Specific Extinction - Less than 250m ² /kg As a fabric - In accordance with AS1530.3 Spread of Flame Index - 0 Smoke Developed Index - 4
ADDITIONAL COMMENTS	The Vue range of unique textiles are created using embroidery techniques which blur the line between craft and commercial functionality, delivering Architectural textiles to artfully define and divide interior spaces.
CARE INSTRUCTIONS	Xorel
ENVIRONMENTAL INFORMATION	Xorel

CARE INSTRUCTIONS

Xorel yarns are non-absorbent; dust and stains cannot penetrate them. Regular maintenance will keep the fabric looking new for many years. Periodic vacuuming will remove dust that may settle between the yarns.

Most stains that dry between the yarns or on the surface can be eliminated by wiping the fabric with a cloth moistened with hot tap water. Some stains may require additional treatment. These stains can be cleaned with a variety of water or solvent based cleaners.

When using solvent based cleaners on paperbacked Xorel fabric, test on a small area first. Residue from these cleaners must be removed with hot water and a clean sponge. After cleaning, towel dry.

Hardened solids can be removed with stiff brush or a sharp-edged instrument without damaging the fabric. However, the brush or sharp instrument should not be used close to seams.

Hospital grade disinfectant cleaners can be safely used on Xorel fabrics. Always follow the directions for the specific brand being used as contact times may vary depending on the product. Diluted bleach solution (up to 40%) can also be used on Xorel for disinfecting purposes.

For more detailed cleaning instructions go to the product Downloads tab.

Always test in an inconspicuous area first. If care instructions don't deliver the expected results, cease cleaning method immediately and contact Baresque for assistance.
