DESCRIPTION / FEATURES	The explosion of colours of recycled sari silk woven with strips of bakbak (bark of the banana tree) is the focus point of this top-notch collection. Each metre of this design is unique since the colours of the silk alternate without ever being repeated. Squares of crushed paper in ombre shades and two geometric motifs complete the range, making it possible to combine different colours, structures and materials in one room. Search Rainbows to find other designs in this collection.
